

## Strong, Dense and Durable - Envirowood joinery.

**"I've used Finlayson's for years for both my tv shows and for my own building company. Envirowood joinery is a beautiful product - strong, dense and durable (a bit like me really!)."**

**I've used a combination of paint and clear finish Envirowood at my new place and I couldn't be happier. Well done Finlayson's. I am happy to recommend Finlayson's and Envirowood for your next project."**
